

Government College of Education Sector-20 D Chandigarh

Language Lab

Government College has a digital language lab for teaching English skills to the students. The lab has **Sanako Software**. It has 20 booths with table's seat for students and one console room. It has local area networking and Microphones with 21 headsets. This helps the teachers to see the computer screen of all students. Headphones are attached to listen to the audio and speech of teachers and experts. The teacher pronounces a word and asks students to pronounce in the same accent. The teacher listens to the voice of the students whether they are pronouncing the word or sentence in correct accent so that she can advise them and correct them. The main objectives of the lab are to develop the four basic skills Listening, Speaking, Reading and Writing, to listen to model pronunciation, repeat and record the same, to improve their reading vocabulary, fluency and comprehension skills, to do self assessment and correction and to help students to learn at one's pace.
