

**GOVERNMENT COLLEGE OF EDUCATION, SECTOR-20 D, CHANDIGARH**

**Report of the First Series of REVISE FIRST-Lectures: January 2021**

The first series of interactive lecture cum workshop of the REVISE FIRST programme was conducted online on 22<sup>nd</sup> and 23<sup>rd</sup> of January 2021 at Government College of Education, Sector-20 D. The programme was held from 11:45 a.m to 1:30 p.m on the first day and from 10:50 to 12:20 p.m on the second day through the Google meet platform.

On the first day the programme commenced with the welcome of the guest speaker and resource person Prof. O.S.K.S. Sastri, founder Dean and Head, Dept. of Physics at Central University of Himachal Pradesh, Dharmashala by the Dean of the college, Dr Sapna Nanda followed by Introduction of the theme and the speaker by Dr. Sanjeev Kumar and Dr. Sheojee Singh respectively. The learned resource person demonstrated virtual experiment of Mass Spring system using Tracker Video Analysis tool and explained how conceptual clarity can be imparted in our science classrooms using simple ways and means of ICT. The audience comprising of 70 science students of the college enjoyed the session and interacted happily with the speaker. The session ended with vote of thanks by Dr. Lilu Ram Jakhar.

On the second day of the programme, our Principal Dr. A.K. Srivastava welcomed the resource person, Prof. O.S.K.S. Sastri and Dr Lilu Ram Jakhar introduced the topic of the day. The learned resource person reviewed the virtual experiment of Mass Spring system using Tracker Video Analysis tool, clarified doubts of the student and explained how theoretical modelling of mass-spring system and simple pendulum can provide wider scope for conceptual clarity in our science classrooms. With examples of simple pendulum, mass-spring system and Newton's second law of motion, he demonstrated how teaching of science can be made interesting. The audience comprising of 62 science students of the college enjoyed the session today and interacted happily with the speaker. The session ended with vote of thanks by Dr. Sheojee Singh.
