NATIONAL SEMINAR ON

NATIONAL CURRICULUM FRAMEWORK FOR SCHOOL EDUCATION -2023 (A PARADIGM SHIFT TOWARDS EXCELLENCE IN SCHOOL EDUCATION)

On March 15th and 16th 2024

SPONSORED BY

INDIAN COUNCIL OF SOCIAL SCIENCE RESEARCH
NORTH-WESTERN REGIONAL CENTRE:
PANJAB UNIVERSITY, CHANDIGARH

ORGANIZED BY

GOVERNMENT COLLEGE OF EDUCATION
SECTOR 20-D, CHANDIGARH

About the College:

A Premier Institute of Teacher Education, Government Post-Graduate Basic Training College, as this was previously called, was founded in August 1954, under a special scheme of Government of India for establishing of training colleges for teachers at the post-graduate level. The college ranks high among the leading colleges of Education in Northern India and is affiliated to the Panjab University, Chandigarh.

The National Assessment and Accreditation Council (NAAC) has accredited Grade 'A' to this college. The National Council for Teacher Education has sanctioned 50 seats for M. Ed. (General) and 100 seats for B. Ed. per year. One additional course of P.G. Diploma in Guidance & Counseling has been started from the session 2018-19. Panjab University has approved a Research Centre in the Faculty of Education for running Pre-Ph.D. course work. A study centre of National Institute of open schools (NIOS) has been started in the college under Chandigarh Administration.

About the Seminar: This seminar is being held on a very significant theme regarding school education. National Curriculum Framework for School Education -2023 is a step forward in implementing the NEP 2020 in the country which will enable and energize the transformation, informed by its aims, principles, and approach. Its objective is to make available the highest quality education for all our children, consistent with realising the goal of an equitable, inclusive, and plural society as envisaged by our Constitution. The National Education Policy 2020 (NEP 2020) called for a complete transformation of India's schooling system to make it of the highest quality for all students equitably, and to serve the needs and aspirations of the country and its people, today and for the future.

The purpose of this National Curriculum Framework for School Education (NCF-SE, in short NCF) is to help to bring about such changes by effecting corresponding positive transformations in India's school curricula. For effective implementation of the NCF- 2023 all the school education boards of the country including NCERT, ICSC and other State Education Boards are required to make mandatory changes in their school curriculum and its transaction process. The present National seminar will facilitate all the stake holders for sharing their ideas on this issue. It is indeed the education of the future over which extensive deliberations are required in the academia of the country.

OBJECTIVES OF THE SEMINAR: This seminar is intended to explore various aspects of National Curriculum Framework- 2023. The National seminar will give a chance to academia from school education, teacher education and higher education for presenting their expert views regarding various issues, challenges and road map for effective implementation of NCF 2023 in the country.

Theme of the Seminar
National Curriculum Framework For School Education -2023: A Paradigm Shift Towards Excellence In School Education

Sub-Themes:

1. **NCF- 2023: Aims and Curricular Areas of School Education.**
